

You can and should stop Sinclair Broadcasting (SB) from forcing their stations to air the anti-Kerry documentary. SB's intent to do so is a clear example of the dangers of media consolidation.

SB uses the public airwaves free of charge, and is obligated by law to serve the public interest and this kind of action does nothing of the sort. Large companies should not control the airwaves as they do and shame on you for allowing them to run amuck. Stop SB now and demonstrate that some of our public agencies are still about protecting the public interest.

Then get to work on strengthening media ownership rules. For instance, the license renewal process needs to involve more than a returned postcard. Thank you.
